

# Technology Education

Mr. Gallant

**"At the heart of effective  
technology integration,  
technology offers  
opportunities to be more  
actively involved in the  
learning experience."**

**-Vanessa Vega, Edutopia Research Analyst**

edutopia.org

# General Curriculum Outcomes

Students will be expected to:

- design, develop, evaluate, and articulate technological solutions.
- operate and manage technological systems.

Students will be expected to:

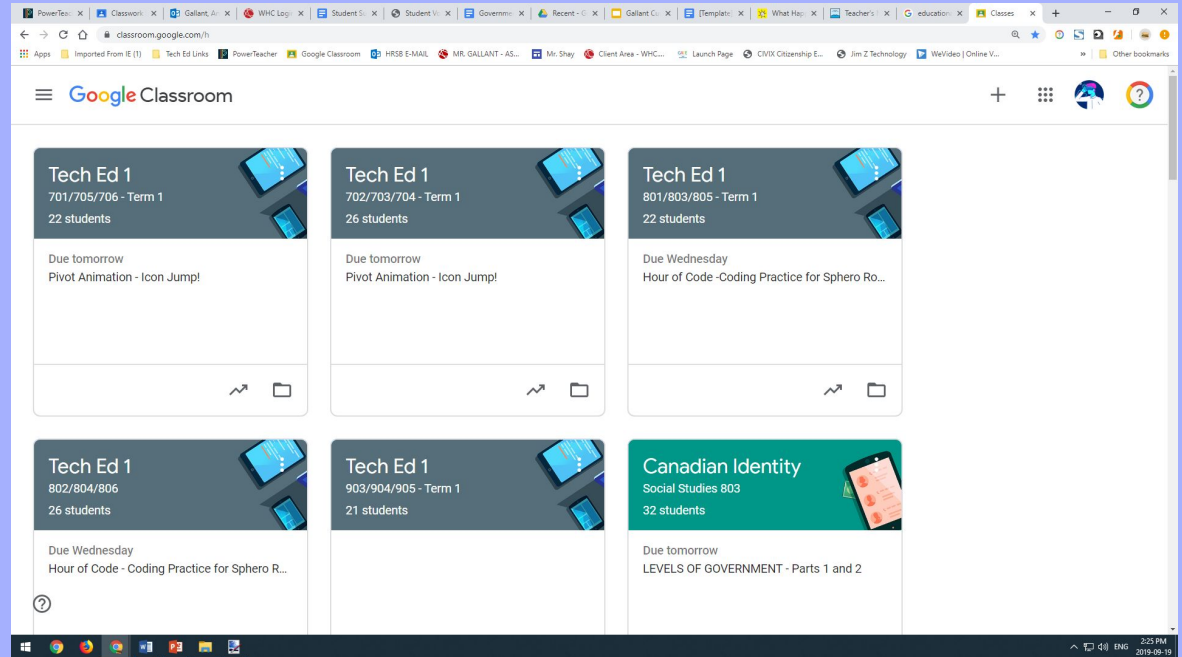

- demonstrate an understanding of the consequences of their technological choices.
- demonstrate an understanding of current and evolving careers and of the influence of technology on the nature of work.

## IMPORTANT NOTE:

All classwork for Tech Ed is submitted and graded through Google Classroom. At any time, feel free to go to your child's class page for Tech Ed and see:

- Assignment instructions
- Due Dates for work
- Rubrics
- Helpful links and resources
- Grades
- And More!

# Safety Orientation

## LAB SAFETY

Eye Protection

Ear Protection

Hair Tied Back

Close Fitting  
Clothing

No Jewelry

### Always

- Move at a safe pace in the lab—no running or playing.
- Use electronic devices appropriately.
- Keep your personal work area clean and clear.
- Return all tools as soon as you are finished using them. This allows other students to use them and helps keep your work area clear.
- Report any damaged or missing tools to your teacher immediately.
- Use a vacuum or brush to keep your material and work area clean.
- Clean up spilled liquids immediately.
- Use extension cords temporarily, and use extreme caution to avoid tripping hazards.
- Be alert in the lab—do not distract others while they are working.
- Identify locations of emergency power shut-off switches.
- Identify emergency exits and know the evacuation plan.
- Treat other students, teachers, projects, tools, and materials with respect.
- Ensure you know where the first aid kit and eyewash station are located.
- Ensure a safe operating distance when others are near.
- Ensure power is disconnected before opening machines for cleaning.

Students will work  
in the wood shop  
this year.

At first the focus  
will be on safety -  
personal, lab, and  
tool safety.

Projects include making jewelry boxes, string art, signs, and more...

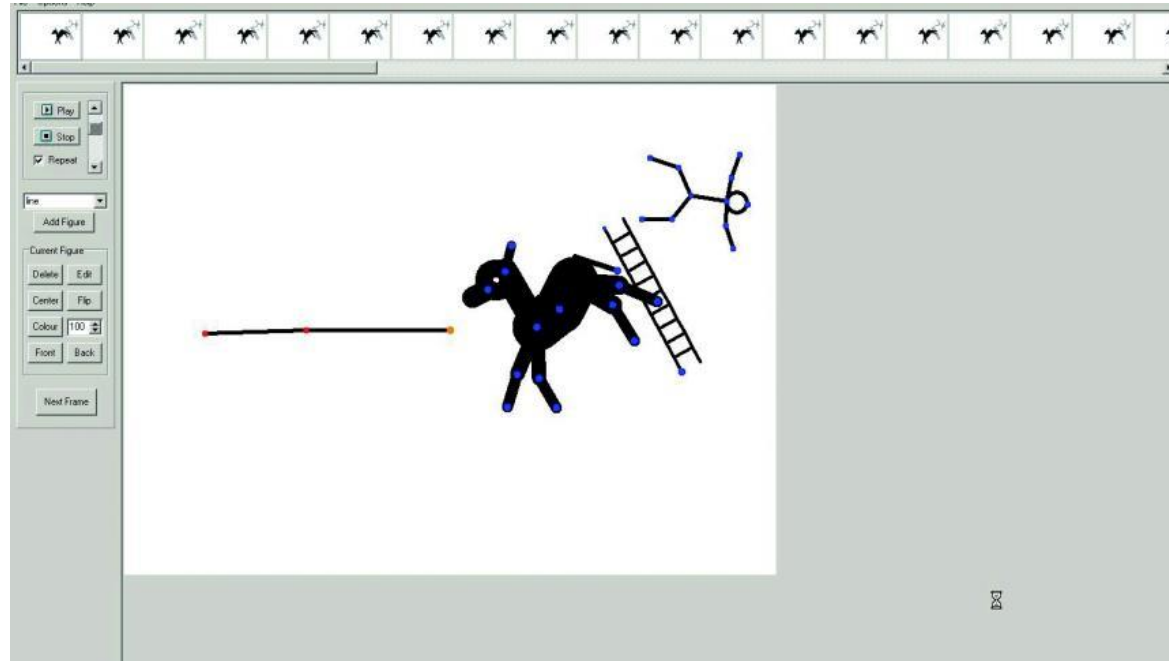

In Tech Ed we CREATE with computers too, using tools such as...

## G Suite For Education

## PIVOT ANIMATOR

## GREEN SCREEN VIDEO EDITING

# SPHERO and / or CODEY ROCKY ROBOTS

Computer programming using  
block coding

Building collaboration skills

# Makey Makey Creations...
